

Between Town Council - Jonathan Page

Greetings Town of Between,

Thank you all for taking the time to read this introduction. A quick introduction of myself starts with my family. My wife and I have 2 wonderful daughters, ages 13 and 2. My wife, Anna, has been an Elementary school teacher for over a decade. We have been fortunate enough to be citizens of the Between since 2018.

I have almost two decades of sales and finance experience, as well as multiple years of business development experience. These experiences give me the tools to be able to communicate and reach out to all members of our community. It will allow me to understand where a process may need to be improved or possible ways to make it more effective. Currently, the Mayor and Council have made steps to put Between on the track of healthy growth. My experience and passion to serve will only aid in the exponential health of our community.

I have been a citizen of Walton county since 2003, only taking a few years were I lived just over the county line. Walton county and the town of Between are the best combination of small towns and suburban areas. I believe the town needs someone who understands that and is willing to do what's right for the safe and healthy growth of this great community. Everyone needs a voice and everyone deserves the chance to connect with their elected officials. I may not have all the answers but rest assured I will either point you in the right direction or research the concern myself.

Thank you for your time today. Please feel free to reach out to me via email: pageforcouncil@gmail.com or find my Facebook page at Jonathan Page for City Council.
